Program Work Elements (PWE)

PWE 409 – General Management Planning/Special Resource Studies

PWE 454 – Reimbursable Federal Government (Non-NPS)

- Reimbursable Federal Government (non-NPS)—reimbursable projects associated with agencies internal to Federal Government such as BLM, FWS, and Forest Service

PWE 455 – Reimbursable Non-Federal Government

- Reimbursable non-Federal Government—reimbursable projects for entities external to the Federal Government such as partnership projects, foundations, and concessionaires

PWE 472 – Line Item Construction Planning by A/E (Design)

- A&E services for design for 90% of line item program which is outsourced
- No DSC charges permitted
- Not to exceed 10% of net construction

PWE 473 – Construction Management by A/E

- A&E services for construction management from award through completion of post construction
- No DSC charges permitted
- Not to exceed 8% of net construction

PWE 478 – Refundable Projects Internal NPS

- These projects may include fee demonstration and repair/rehabilitation work. The scope may include one or more of the following: Pre-Design, Design, Bid and Negotiation, and Construction

PWE 514 – DSC Line Item Construction Planning (Design)

- Funding for all labor within planning design services and project management for 10% of DSC line item program accomplished in-house
- Not to exceed 10% of net construction

PWE 516 – DSC Operations/Base Funding

- 100% of Pre-Design program
- All labor for contracting services (except that associated with PWEs 454, 455, and 478)
- DSC management of A/E Design for the 90% of the program that is outsourced
- Project management labor for 100% of the line item program from bidding and negotiation through post-construction

PWE 518 – Supplementary Services

- Funding for archeology, constructibility, value analysis, final cost estimating, geotechnical surveys, historic structures reports, hazardous material studies, natural and cultural resource surveys and reports, visual simulation, visitor experience planning, geographic information system (GIS), graphics, cultural landscape report, and cultural landscape inventory
- Not to exceed 2% of net construction

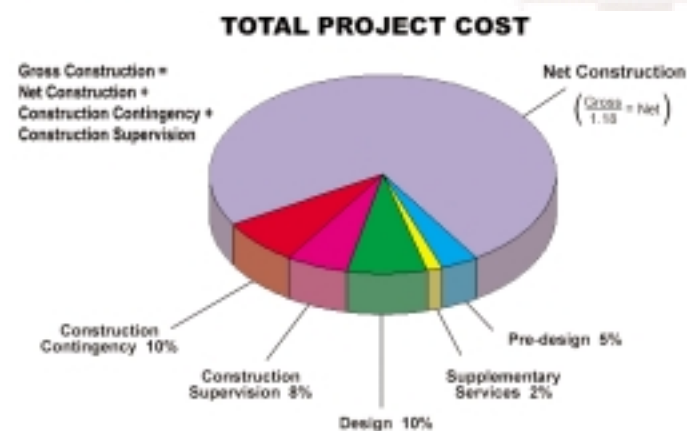

PWE 577 – Federal Lands Highway Program (FLHP)

- Includes Pre-Design, Design, Construction, and revegetation associated with FLHP projects

PWE 579 – Federal Lands Highway Program (FLHP)

- Alternative transportation modes program
